## Rugby Ball.Projects

Posted by [Nigel](#) Tue, December 06, 2016 08:46:01

### **Rugby Ball.**

Here is something different,i made a little Rugby Ball,made from Mahogany,with a little hole and ready to go with either a Key Fob or a Rustic Necklace.

Here are some photo's before i got to the final stage.

The Photo above highlights the start of the Rugby Ball,with a very rough cut and shape.

Next below it is now starting to take shape,with some fine cuts,ready for more shaping.

Some careful sanding.

Nearly their,Below all the Rough edges are gone,and is looking the part.

And after some care,time and effort,and a hole drilled,with lots of Bees Wax and Buffering up,here is the result.

This idea will spur me on to create more projects and ideas.

For More Projects take a look below and click the link.

<https://myworld-online.net/upcycling.html>

You can buy some of my Projects,with Paypal,their are some more to be added soon to buy.

Enjoy.

Hi everyone,here are some more picture's of the Rugby Ball,the picture below was created as demo Necklace,i like Aboriginal and African Style Wearable's.

Enjoy and besafe.
