I have been wanting something to display Pictures, Photo's, and the Stands below are what i came up with.

I wanted something simple, Safe from Glass and easy to change when ever the mood would suit.

The Stands are made from Pine and Canadine Pine.

Easy to popin your Picture.

Natural,Warming and shows the grain of the wood.

The Displays show off your Picture's and add warm'th.

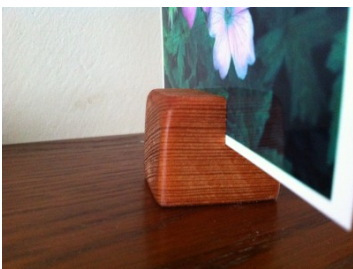

and Colour.

Custom Made for you and your
